## I-Reading Comprehension

Read the following passage then answer the questions:

A group of birds nested in a tree near the river. A large snake came and stayed in the bottom of that tree. The snake started to eat the baby birds every day. The poor birds were in danger. They couldn't kill the snake. It was much stronger than them. One day, A prince came to swim in the river. He left his clothes near the tree. The crow played a smart trick. He took the clothes and threw them in the snake's burrow. When the prince finished swimming, he couldn't find his clothes. He asked his men to look for them. They found the clothes in the tree and saw the snake. They killed it to take the clothes. The birds were happy. They thanked the crow.

## I-Reading Comprehension

Read the following passage then answer the questions below:

Cheetahs are large spotted cats with a slender body, long thin legs, small rounded heads and long spotted tails. They are the fastest of all land animals. Their speed can reach up to 113 km in just a few seconds. They live in Africa's grasslands. The name of cheetah comes from an Indian word meaning "spotted one". Cheetahs look different from any other cats because of the long black lines which run from the inside of each eye to the mouth. They are called "tear lines". Scientists think that these lines protect the cheetah's eyes from sunlight. Cheetahs are active mainly during the day, Hunting is the major activity.
