The screenshot shows the Windows Live ID sign-in interface. The page title is "Windows Live ID". The main heading is "Sign in". Below the heading, there is a form with the following fields:

- E-mail address:** meftahhamid@hotmail.fr
- Password:** [Redacted with dots]

There are two callouts in Arabic:

- A blue callout pointing to the "E-mail address" field: "الاي ميل الذي تريد اغلاقه" (The email you want to close).
- A red callout pointing to the "Password" field: "الرقم السري الخاص بالاي ميل" (The secret number for the email).

Below the password field, there is a "Sign in" button with a green checkmark. To the right of the form, there is a "Sign in" heading and a paragraph: "Sign in now to view or change your account settings." Below this, there is a paragraph: "To sign in to the website where you clicked the Account Services link, click the Back button in your browser, and then sign in on the previous page." Below the paragraph, there is a "Related links" section with three links:

- [Sign up for an account](#)
- [Learn more about privacy and security](#)
- [Get answers from Customer Support](#)

At the bottom of the page, there is a footer with the text: "©2009 Microsoft Privacy | Legal | Trademarks" and "About | Account | Feedback | Help Central".
